

## Laura McCabe

Laura is originally from Washington State. A project management assignment with DuPont brought Laura and her husband, Duncan, to Wilmington in 1997. They retired here and now call Wilmington their "forever home." In 2019 their home was featured on the Azalea Festival Garden Tour.

A self-described tree hugger, Laura currently leads WIN's Environment Circle. She serves on the board for the Alliance for Cape Fear Trees, a 2020 WIN Grantee. She is also an AARP Tax-Aide volunteer during income tax season.

Laura and Duncan enjoy tandem bicycling. Morocco is their first post-COVID trip planned, followed by expected tours of Tasmania in 2023 and Chile in 2024.

Currently studying racial equity and environmental justice issues, Laura wants to help be a part of positive change in Wilmington.
